

**HAPPY-TRAIL.COM**  
Dual Sport & Adventure Touring Specialists

Thank you for purchasing Happy Trails products. Our products are proudly hand made in Boise Idaho, USA. If you have any questions or concerns about the installation of this product, please contact us directly at 1-800-444-8770 or e-mail [installation@happy-trail.com](mailto:installation@happy-trail.com).

Before you begin, place the bike on a hard level surface where you have room to work. Lay out the parts included in this kit and compare to the parts list on bottom of these instructions. If any parts or hardware are missing, contact us immediately at the number or email listed above.

### Step 1

Remove the 2 upper pinch bolts from the left fork tube and the 2 from the right fork tube along with the cable brackets.

Two left pinch bolts shown in Fig 1.

Make sure the accessories you want to add to the dash panel fit into the existing holes, or drill/file to correct size before installing on bike.

Fig 1

### Step 2

Install the dash plate as shown in Fig 2.

Note the dash panel goes between the triple clamp and the cable bracket.

The pinch bolts are then reinserted through the cable bracket, dash tab, and into the triple clamp.

Reinstall the nuts on the back side and tighten these 4 bolts to 18ft/lbs

**Dash panel is now ready for your accessory installs.**
